## YOUR VOTE MATTERS - THE TRUTH BEHIND PROPOSAL 3

### Dangerous for women and children!

The "Reproductive Freedom for All" amendment on the November ballot uses vague and deceptive wording to hide the truth of its agenda. In reality, **Prop 3 is so extreme, Michigan abortion laws would be the worst state in the nation!** This is far beyond "choice!" It is actually an attack on women and children, let alone ending the life of babies all 9 months, and opens the door to infanticide up to 28 days after born!

Attorney, Rebecca Kiessling (who was conceived in rape) was asked: "What would you put on a billboard to warn people of how dangerous this proposal is? **She said: "A rapist and sex-trafficker could take your child to get an abortion without you (parents) even knowing!"** This would hide evidence of the crime protecting the predator and not the victim. **Prop 3 strips ALL parental rights** not only for abortions but, *anyone* can take your child to get puberty blockers, sterilization, sex change as well! It would become **illegal for parents to interfere!**

**Prop 3 removes ALL health and safety standards** for abortions procedures and clinics. If hospitals are held to health and safety standards, why shouldn't abortion clinics be as well? You do not even need to be a doctor to perform an abortion, and you cannot investigate or prosecute them if the woman or child is injured!

## THAT BANQUET WAS GANGBUSTERS!

With over 300 cool cats attending the banquet, it was one rockn' event. Many guests showed up in their 1950's threads to hear Kristan Hawkins, President for Students for Life of America, deliver an impactful message. We had T-birds, Pink Ladies, greasers and housewives, and even a blue & white 55' BelAir!

The nostalgic 1950's dinner of Salisbury Steak brought back that home cooked meal feeling. The "Carhop" girls stole the show by delivering root beer floats in color changing MPS mugs!

The evening was packed with entertainment. Our now famous board members, Jeff and Zack, kicked things off with their 3rd annual scripted "ask". Each year they bring laughter to the stage but this year it was Jeff's daughter, Persephone, that stole the show! She had great comedic timing and body language.

Kristan encouraged the audience to educate others and engage in the fight for life in this post Roe time. She spoke about how it took years to make advancement in the civil rights movement and how we need to continue to enact change by being bold in our actions.

Thank you to all the generous donors who helped us to raise over \$50,000. Your partnership with MPS will help more women and set forth the chain of events that will help invoke change of hearts when it comes to abortion.

“

A young high school girl came to our medical center. She was wanting to parent but her family pressured her to have an abortion. Her family thought that they were protecting her, not realizing what toll this could take on her. She made the comment to our nurse that she wished that her family would let her live out the consequences of her actions. Many of the family members that were pressuring her were ones that sat with her at church on Sunday mornings. Please keep this young woman in your prayers.
